About Us

We opened in September 2011 providing classes and drop-in sessions. We are now developing work to support professional arts practitioners, to provide activities for those who need tailored support to participate or contribute and collaborating with local businesses, charities and the public sector to put on arts events in Southbourne-on-Sea.

Activities are provided by local freelance teachers. Most classes are on-going and people can join at any point. But please contact individual teachers for information and to check places are available. No booking is required for drop-in sessions. Classes run weekly unless otherwise indicated. Parents are welcome to stay during activities for children.

We look forward to welcoming you to the Southbourne Creative Hub soon.
